

Are there subsidies for energy storage batteries in Lagos Nigeria

Overview

Did you know Nigeria's government now offers cash rebates up to 30% for solar battery systems?

With 45% of urban households suffering daily power cuts, the new government subsidy for home energy storage could save you ₦1. But what if government subsidies could slash Battery Energy Storage System (BESS) costs by 30-50%?

The Nigerian Electricity Regulatory Commission just launched aggressive incentives to achieve 1,000MW of energy storage by 2027. Let's break down how this works – and why acting before. Nigeria's drive for a stronger, more reliable energy sector received a boost as the African Development Bank (AfDB) announced a \$1. The AfDB Nigeria Country Office director general, Dr. Abdul Kamara, who made this. Nigeria has emerged as Africa's second-largest importer of solar and storage products, with estimated annual project spending of about \$3 billion across sectors, according to the Solar & Storage Live Nigeria 2025 Market Report. The initiative aims to enhance electricity access for 2mn Nigerians as part of broader efforts to improve the country's energy.
