

Tunisian grid-connected solar panel manufacturer

Overview

Ifrisol, based in Tunisia, has been manufacturing its solar panels since 2013, with hundreds of installations around the world. The company expanded its European operations and project pipeline. Smart, reliable solar energy solutions tailored to Tunisia's climate, energy needs, and infrastructure. Whether you're a homeowner, business owner, or industrial operator — we deliver clean power that pays off. Full turnkey installations for residential, commercial, and industrial buildings using. All excess in electricity produced will be purchased by STEG just by putting it back on coming bills Let's opt for adequate solutions of long lasting developments for our planet. The value of your home will automatically increase thanks to the presence of photovoltaic panels SOLARIA is a company. "The leading company in the renewable energy sector in Tunisia" On our website you find Solar photovoltaic & Thermal installations (individual and collective solar water heaters) Energy audits & Diagnosis of internal water systems Thermal monitoring of buildings "The sun is our largest energy.
